

Introduction

It is our clear expectation that students and staff must at all times behave in a respectful manner and comply with the *WMS School Code of Conduct*.

WMS is committed to providing a learning atmosphere that is safe, happy and secure. Simply put, bullying and abusing others is unacceptable. We believe that a well-disciplined environment is essential to the learning process. Mutual respect, co-operation, kindness and consideration for the needs of others are but some of the virtues that are to be evident in our students and staff. When parents/guardians enroll their children at WMS, one of the conditions they accept is that their child/ren will comply readily with the *WMS School Code of Conduct*.

All staff members work together to create a positive and peaceful learning environment. Students will be informed about what the expectations are for appropriate behaviour and the consequences that can be expected should they not meet these expectations.

In situations of persistent misbehavior or gross misconduct, the principal, teacher and parent will be involved in determining an appropriate course of action. Students, who have a long-term negative influence on the school, thereby deteriorating the quality of education for other children, may be required to leave the school.

Disciplinary Consequences

WMS is committed to working with students and families when difficult situations arise. Our goal will always be to correct behavior and to do so in a loving and caring manner, while adhering to the mission of the school and minimizing risk to others. Many factors are taken into account when making decisions about disciplinary consequences. A student's age, stage of development, capacity for understanding and severity of the infraction are a few of the items that are taken into account.

Consequences for behavior in violation of the *WMS School Code of Conduct* can vary from an informal discussion to suspension or expulsion. For a full explanation of disciplinary consequences utilized within WMS School please see the *WMS Discipline Policy*.

The Principal maintains the authority to determine which consequences are appropriate in a given situation. Parents are free to voice concerns with the process and may utilize the *WMS Concern Protocol* to do so.
