Dear Families,

We will be starting our school year by holding Start-Up Conferences. Here are some topics that I would like you to discuss with your child before we meet (I would encourage you to make notes so that you don't forget anything!)

- 1) What are your child's interests or skills? Are there any areas in which you feel your child really excels?

- 2) Are there any areas (academic or otherwise) in which you feel your child struggles or may need additional support?

- 3) What makes your child happy? What would they do if they had the choice?

- 4) What are your child's feelings about school?

- 5) Is there anything else that I should know about your child? (allergies, medical concerns, or ANYTHING else you think is important to know!)

- 6) Do you have any questions for me?

Thank you, I'm looking forward to meeting with you in September!
